Fileni. Reliable player for 55+ years

A family company, based in Italy, Marche region, and always in relation with the local communities and on the local lands we work with and within, since 1965.

Always committed to higher standards (Abf, packaging, and much more).

The first in our sector to be iso 9000 certified (back in the 90s).

Joined Climate Pledge. Joined Co2alizione (an italian initiative). First to be certified EPD in Europe on poultry products.

Joined the ECC initiative with CIWF (Compassion).

In partnership with the environment ONG Legambiente.

Fileni. Organic player, non-pure, for more than 20 years

Fileni organic sales constantly increased since year 2000.

Around 17%: organic sales on total

30%+: surface of our direct and indirect operation for organic
60k+ ton of organic agriculture grains and pulses for our own-transformed feed.

20k+ + + hectares required. Almost all of them on Italian soil.

10k+ hectares land are under «cultivation contract» with us, 3k of them in Marche region.

As much as we can, we encourage, check and contribute to pay for regenerative practices.

Thank you
